MAKE / MODEL: NISSAN NAVARA D40

ENGINE: YD25

ENGINE SIZE: 2.5L

CONFIG: INLINE 4 CYLINDER TURBO

YEAR RANGE: 2005 - 2015

Xtreme Outback Navara D40 Range

The Nissan Navara has been one of the most popular work vehicles and with a significant range of aftermarket performance upgrade components as well as accessories, it is important to consider the additional strain on the clutch system from increased power and weight. The dual-mass to single mass flywheel conversions are particularly popular in these vehicles.

NOTE: These vehicles had a crossover of clutch kit in 4/2010 from 250mm to 275mm. Please contact Xtreme Outback or your nearest distributor to check fitment.

Kit Pictured: KNI28518-1A

Heavy Duty Clutch Recommended Applications

Towing

Heavy Loads

Larger Wheels

Engine Modifications

Off-Road Performance

Xtreme Outback heavy duty clutch upgrades for 4x4 & SUV offer the highest levels of quality, performance and reliability.

Tested in the toughest conditions around the world, Xtreme Outback upgrades are designed and built to take you anywhere.
